POSITIVE RELATIONSHIPS

Romantic relationships include many types, such as Heterosexuality, Homosexuality, Marriage, Cohabitation, Dating, Friends with benefit, One night stand, etc. They have **different characteristics to attract people**, meet people's needs and bring happiness. The first exhibition hall aims to provide **a variety of spaces**, with a changeable light and sound environment to provide a place for different relationship exhibits.

NEGATIVE RELATIONSHIP

Relationships are accompanied by **interactions**, which inevitably create **conflicts and contradictions**. These problems are the main reasons for the breakdown of the relationship. These contradictions include: physical or emotional abuse, suspicion, financial problems, loss of connection, isolate and so on. These **bad relationships** are experienced by almost everyone.
