

Dean's Honours Awards & Prizes 2024

Presentation
Thursday 29 May 2025

Faculty of Architecture,
Building and Planning

Melbourne
School of Design

THE UNIVERSITY OF
MELBOURNE

The Dean's Honours Awards recognises the academic excellence of Undergraduate and Graduate students.

The Faculty of Architecture, Building and Planning would like to acknowledge and congratulate the outstanding achievements of students who have made the Dean's Honours List.

The Dean's Honours Awards celebrate students whose dedication, drive and ability has placed them in the top 3% of their cohort in 2024.

As a Faculty, we are committed to evolving and advancing with changing times and circumstances – we are always striving to provide outstanding education to equip the next generation of built environment leaders, professionals and thinkers with the skills and knowledge to create and influence.

We acknowledge the enthusiasm and tenacity of our students, tackling complex design questions with fresh eyes, and consistently producing inspiring work of an incredibly high standard.

As built environment and design students, you have an opportunity to directly influence the world in which we live, to contribute solutions to some of the biggest issues of our times and to push forward the boundaries of knowledge and capability.

Such outstanding results are a sign of the hard work and determination that underlies your time studying with us. I encourage you to maintain this dedication and drive as you approach any challenge in the future – I have no doubt you will go far.

— **Professor Julie Willis**
Dean of the Faculty of Architecture,
Building & Planning

Benefactors of prizes and awards

The University of Melbourne gratefully acknowledges the generosity of the benefactors who have supported its prizes and awards.

The generosity of our alumni and donor communities plays a key role by providing our students with the resources and opportunity to study, as well as providing recognition of success.

On behalf of our Faculty and our students, thank you to all our donors for your generosity. It is contributing directly to developing the next generation of industry leaders. This event celebrates student achievement and potential and philanthropic support.
